Lydia, we may want to file a claim in bankruptcy if we have any information to show this company contributed to downstream contamination. Please get an EO to work with attorney to see if we can do anything. There may not be, but let's take a look and see what they did and how close they are to Homestake.

I am leaving a copy of a letter I received via FedEx from BVDA regarding Tronox Bankruptcy. BVDA is urging EPA and NMED to take action on this bankruptcy as it may have potential impact on clean up of legacy mining sites upgradient of Homestake Site.

Please review documents and let me know how we can respond to

BVDA.

Thanks
